## TECHNICAL SKILLS

- React.js
- JavaScript (ES6+)
- HTML
- CSS
- Bootstrap
- Adobe Lightroom

## LANGUAGE

- English
- Hindi
- Telugu

## CAREER OBJECTIVE

Aspiring Frontend Developer with strong skills in React.js and JavaScript, eager to contribute to building user-friendly and scalable web applications while growing as part of a dynamic software team.

## WORK EXPERIENCE

### Cognizant Technology Solutions July 2022 – October 2023

#### – Process Executive

- Managed projects aimed at improving operational and process efficiency.
- Processed and analyzed data aligned with quality control protocols in a fast-paced environment.
- Designed and delivered training for new employees to enhance product and process knowledge.
- Maintained >98% accuracy in listing moderation and consistently met daily performance goals.
- Identified and escalated process issues to facilitate data corrections and continuous improvement.

## PROJECTS

Designed and developed a modern, responsive portfolio website using React.js and Bootstrap CSS. The site highlights my professional journey. It features an intuitive layout, interactive UI elements, and form validation on the contact page, providing visitors with a seamless browsing experience across devices.
